He left here last May and, after being trained for a short period, crossed the Atlantic with the 301st engineers corps, destined to see considerable service along the front lines. For a time this corpwas stationed at Le Havre, later at Chat teauneum, and at the time of the St Mihiel attack was constantly under sheli fire in that section. Shortly after the signing of the armistice, the 301st engineers were sent to Coblenz, Germany, where the men had occasion to learn many of the German customs. Private Dix' German acquaintances were of a more refined group than some recorded in history and among these Coblenz people the soldiers fared comparatively well. On June 13, he stepped from the U. Local Baseball Team Won from E. Barre, Lost to Websterville.

At Gazeley's field Friday, the Graniteville A. C. won its second game from the East Barre A. C., by the score of 4 to 3. The game was fast and hard fought all the way. Both sides contributed some fine stunts in the field, the work of King of Graniteville and Crowley of East Barre being the outstanding features. East Barre pulled pitcher J. Roark out of the hole with a fast double play on two different occasions. In the sixth inning Polli and Graham pulled off the double stunt nicely. East Barre scored all their runs in the first inning, but after that were powerless before Polli, not t man reaching first base. The score:

Worthley, woman about 70 years of age, was in jured by an automobile hitting her. The present indications are that M. A. Day was responsible for the accident. The report showed that if Day had stayed be hind the team until after he had met Mrs. Currier's automobile no accident would have occurred and it is claimed that the traffic regulations prescribe that he should have stayed behind the team nstead of running around it.
